Thanks Megan. We will review and provide any additional comments by 11/30. Kimi is teleworking today and has already started to take another look at it.

Hi, ORC,

Attached is the NM/EPA Produced Water White Paper that went out for public comment last week. Public comment closes Dec. 10 and we are still working toward a Dec. 31 deadline for finalization. There's a lot of speculation that the deadline will get pushed into the new year, but no new direction yet. I'll let you know if/when I hear anything.

In the meantime, the drafters would like Region 6 and 8's ORC comments on the proposed White Paper by Nov. 30. These comments will then go to OGC for inclusion (or additional discussion). I understand the initial review was hurried and we might not be perfectly happy with some of the language – so now is our time to get things sorted out. Kimi – I know you are out of the office for some time. **KC/Jasmine, do you have the time and interest in reviewing this draft and getting any additional comments out by 11/30?**

Note: after public comment has been incorporated into the draft, we'll have a short period of time to review any new revisions (at the end of Dec.).

Copying Tricia, Amy and Treasure as an FYI.

Thanks, Megan
